Known to the K2 Special Services team as "Saint," Jamie Turner lives by his own strict rules to compensate for his past sins and the two-ton boulder taking residence in his heart. He doesn't drink or smoke. He never swears. And he only dates nice, safe women until he meets Sugar Darling, the fill-in receptionist at K2. She's as sweet as her name, but this wild woman is definitely trouble, with something to hide. He knows he should avoid her.... But can he?

Sugar isn't hiding something - she's hiding *everything*. And K2 seems like the perfect place to lie low, thanks to the big, protective guys who work there. The drop-dead-handsome Saint makes her heart race, yet he keeps his distance. When Sugar's traumatic past rises up to haunt her again, she desperately turns to Saint for help, and he has to decide what's more important: playing it safe or risking everything for love.
