Some questions are better left unasked. Like whose blood is on the knife upstairs.

Kenzi Brannon's life was turned upside down when she moved into her family's abandoned home to raise her niece. Problems compound when her aging mother starts to remember things. And clues the police find regarding the knife don't match anything Kenzi knows about her family.

Things go from bad to worse when she and her niece discover something horrifying in their house. But not even that compares to the strange ways her mom is acting.

Can they get to the bottom of it all, or will their house - a local legend that goes bump in the night - and the family secrets destroy them all?
