As a woman, you have a unique advantage of supreme intuition and creative energy. However, it is your job to put these abilities to use as an entrepreneur. Working for yourself and running your own business requires massive confidence in yourself. This program is designed to tap into the confidence required in order to find your vision and voice as a boss. It incorporates techniques to unleash a more confident and resilient version of you.

This program can help you:

- Find your inner boss
- Effortlessly increase your confidence
- Trust your intuition

The audiobook includes:

- Two idea-generating hypnoses: These hypnoses are designed to help you develop stronger idea creation skills, allowing creative business ideas to flow easily and generously.
- Confidence and intuition hypnosis: This hypnosis is designed to increase your confidence as a boss while helping you trust yourself more.
- Business success affirmations: These affirmations are designed to help you unleash the best version of your business self while becoming more inspired and motivated.

Step into a more confident and intuitive you that thrives in the position of the boss. Listen when you are able to close your eyes. Use this program as needed to maximize your confidence and intuition levels.
