

Fate, Hope & Thak

author: Elizabeth L. Lonardo

2026-08

Synopsis

author	Elizabeth L.
readBy	Ben van Diepen
inLanguage	english

Science Officer Queste of the Starcorp ship *Orionstar* rescues and befriends a roguishly charming slave known as Thak. Thak possesses psychic and telekinetic abilities that enable him to survive on primitive worlds, with their bizarre predatory beasts and exotically lethal environments. Under Queste's tutelage, Thak becomes enlightened from Stone Age knowledge to Space Age awareness of the Coalition of Planets and their sole purpose: To bring peace and protection throughout the galaxy. Now armed with a newfound hope, can Thak convince the Coalition to free his fellow slaves without starting an interplanetary war?

Thak's escapades are fraught with anti-bullying themes as he develops a philosophy to cherish life with all its endless possibilities and worthwhile goals, to be content with whatever actions you choose to take and to never let your values be stripped away. *Fate, Hope and Thak* is a sci-fi adventure filled with warmth, wit, and humor among its engaging characters. An enjoyably entertaining and infectious space saga.
