What would you do to save the woman you love? Eve and Lainey Sumptor have faced many trials in their journey to one another. Now, after a long, hard road they are both in a place where they can relax and enjoy themselves. They're together, they're deliriously happy, their kids are thriving, and the demons from the past are dead and buried. It's time to embrace their life, ripe with domestic bliss, as it unfolds before them at last. Neither woman ever dreamt they could be so fulfilled.

But the problem with demons is they are tricky things that don't always stay gone.

When Eve is accused of murder, she and Lainey must fight harder than ever before. Eve's freedom and the life they worked so hard for is in jeopardy. How far will Lainey go to prove that Eve is innocent? She's not sure there are limits, not when it comes to the woman she loves.

The conclusion of the Eve Sumptor saga leads Lainey on a heart-pounding chase to clear Eve's name. Suspenseful, sexy, and heartwarming, this series will have you scrambling to see what happens next.
