Callan Harcourt has never desired a life mate, and he's never been one to test the boundaries between mortals and vampires. But when his interest is piqued by Brianna Kensington, the veil between the two realms becomes increasingly thin, and staying away from temptation proves to be his greatest challenge yet. Paths get crossed, lines get blurred, and passion ignites until only one question remains: Will fate sever the ties between the two when tragedy strikes, or can Brianna be Callan's Valentine forever?

Please note: This is a steamy, 18+ novella.
