When Satan assigns someone to break you - like in the fictional account of "Cinderella" - his goal is to reproduce within you that same corrupt character. Then, you become accessible for his use to unleash your pent-up anger and frustrations on others. This cycle of reproducing hearts infected with unforgiveness spreading from person to person repeats until we have an epidemic of hostile masses who all "feel some type of way"! Some of them get guns and execute innocent people in public places. Many vile acts of hatred are committed from these poisoned hearts.

We must learn to protect our hearts and to self-administer the antidote of forgiveness as often as needed; the supply is limitless.
