Collins, the world's foremost language learning publisher, introduces a fun way for kids to learn French. Our French Club audio is packed with songs, rhymes, jokes and tongue twisters designed to be engaging, memorable and enjoyable. Children as young as 3 and as old as 12 will enjoy singing along to the catchy rhythms of French Club.

Learning language from a young age should be a fun, stress-free activity. By listening and joining in as native speaking French children have fun in French, your child will be learning without even realising it. Topics such as animals, colours and the days of the week are all covered, and specially-designed tongue twisters help to ensure that the pronunciation of some of the trickier aspects of French pronunciation prove to be no obstacle at all.

Download the free accompanying full-colour, illustrated transcript to assist you and your child as you learn.
