An Enemy Fleet An Audacious Plan
The Sutton siblings have pulled off the unthinkable—they defeated a Cowlee force led by one of the princes and returned with more forces than Terra previously had at its disposal. But the Cowlee fleet remains in the Sirius system, unsuspecting, waiting for the return of a prince who will never be back, and the Suttons have an idea on how to make the fleet their own. With very little to lose and everything to gain, the general authorizes their plan, hoping to gain an edge they desperately need over the alien Cowlees. But the enemy gets a vote in any plan, and when the enemy fleet does the unexpected, will the Suttons gain the edge that Terra needs or will all—including their lives—be lost?
