Ever joined a new team and found them resistant to your direction or ideas? Here are some great easy and creative approaches to get people engaged and moving along when they have stalled or are stuck in a rut. <p> Change Masters has individually coached thousands of global executives to significantly improve their leadership communication skills since it was established in 1986. The Change Masters Leadership Success Series gives you usable information, containing pragmatic tools that have been road-tested by top leaders. Many times people consider a seminar successful if there is one usable nugget or idea. This series captures the most valuable nuggets we've gleaned to give you high value and save you time.</p>
