Poor Ginny Bloggs! She had inherited a fortune, a magnificent country estate, and her benefactor's disgruntled relatives, a quartet of querulous schemers horrified to find themselves at the mercy of a low, common girl, a total stranger - the coal merchant's daughter!

The handsome Lord Gerald de Fremney had pledged to keep the more unruly relatives in line. He thought he understood thoroughly modern women. Her reluctant guardians thought they understood society. Such was Ginny Bloggs - as delicate as a china doll, as bold as brass. She understood them all, and now she was going to teach them all what it meant to be a lady!

In this whirlwind series, Marion Chesney brings us spirited, independent women who are at once bewitching, beguiling, and determined to make their mark on the world, be it within their social circle or extending beyond. With their arms wide open, these women are absolutely original and unforgettable, as are the tales in which they are featured.
