Andrew Jones. Airborne Ranger. Savior of Goblins?

You know, life is funny sometimes. When I stumbled across a strange weather phenomenon in the middle of the woods, I could have sworn that it was just a prank from one of my friends. But the truth was, it was a portal, and as soon as I touched it I found myself in a new world, one filled with orcs and elves and most notably, goblins. The breathtaking beauty of the goblin women was something I never would have expected, but hey. Learn something new every day.

They had a problem, though. A serious problem. Vogrim, a minotaur sorcerer, plans on eradicating the entire goblin race as his first step to conquering the world, and so far, his progress seemed unstoppable. In fact, the reason the goblin people had brought me to their world was to save them from imminent disaster.

In fighting a ten-foot-tall minotaur sorcerer, I had my work cut out for me. But first, they needed me to help repopulate.

Man, it feels good to be a hero
