In part one of Gone: Sending a half-naked picture to a stranger she met online seems innocent and fun to Lilly Randall. After spending the past four years working toward an honors degree, she needs a distraction, and flirting with a man she doesn't know can't hurt, right? Clive Parker is the one man who holds all of Lilly's dreams in the palm of his hand. He's the CEO of one of the world's largest technology firms. When her picture ends up in his pocket, her future will never be the same again.

In part two: Just as Lilly was moving toward a bright future, the man she was falling hard for made a choice that would change their connection forever. Desperate to get her life back on track, Lilly sets out on a new path toward fulfillment. Convinced that she can build a life without Clive, she makes decisions that will have far-reaching consequences.

In part three: When Lilly's past showed up to taunt her, the reality she thought she knew was suddenly stripped away. It's hard for Lilly to know who to trust when the one and only person who promised to protect her can't give her the simple answers she needs. Believing in Clive may be impossible, and when the choice comes down to investing in him or herself, Lilly makes the only choice she can.
