Messing with me is one thing. Tearing me away from my men? That's an act of war. Just when Torr and I had our first passionate night together, our undercover mission went t*ts up. For all I know, he might be lost to me forever. So after staggering alone through the desert, I'm calling on reinforcements for help. Dead or alive, I'm avenging Torr. I've been in love with my brother's best friend for too long to let him go...and Santos. The deadly gladiator also has an iron grip on my heart, and to fail him would cut me deeper than his machetes. But we quickly realize the cult we infiltrated is more powerful than we ever imagined. I'll take everything we have to make it out of this alive...and together. Even with Devin, a gladiator with incredible knife skills and an even better body, testing my nerves at every turn. They hurt my loved ones and I've got gods on my side. I'll make this cult regret letting me live. Their biggest mistake was believing me to be harmless.

Vengeful Gods MC is a dystopian whychoose/reverse harem series with fantasy elements. This series takes place in the same world as *Steel Demons MC* and *Their Property: Sons of Odin MC*.
