Setting myself up for another rough heartbreak was never the plan. All I was looking for was a career change. Instead, I found an enchanting billionaire who dropped the double F-bomb on me.

Samuel Castaldo, a role model to millions, chose me to be his “fake fiancée” in Hawaii.

I took the gig. It paid well, and the man was pretty as a picture. The hidden skeletons in his closet? Not so much. I couldn’t let his twisted past ruin my present...or my future. But the charade was supposed to last for just a few days.

Surely, I could keep my eyes and my hands to myself, right?

Right?

No cheating and a guaranteed HEA!
