Wanted: One dead ranger.

Arizona Ranger Sam Burrack is headed for Yuma, escorting Harvey "Cisco" Lang to prison and Adele Simpson to safety. He knows full well of their shared romantic history, and even though Adele swears she's done with Cisco, Burrack is keeping a hard eye on her as well as on the outlaw.

But his companions are the least of his worries. A ruthless cattle baron has put a five-thousand-dollar price on Burrack's head - and every low-life bounty hunter and bandit across the Painted Desert is looking to claim it.
