Tempest

Heâ€™s rude, mean, and looks at me like he hates me. And Iâ€™ve only just stepped into his house. Spending a year of travelling through impoverished places, trying to help people, should make handling Sargent Wolf - yes, thatâ€™s his name - a piece of cake.

But even Maddox canâ€™t deny that his father is an absolute douche. Iâ€™m only here for six months, maximum, before I get my arse back on the road.

Iâ€™ll just have to stay out of his way and never suggest that he let me draw him naked. No matter how badly I want to.

Sargent

If Iâ€™d known Maddoxâ€™s little pest was female, Iâ€™d never have agreed to let her stay. The last woman to sleep in my house was my ex-wife.

I canâ€™t live with a woman again and deal with them spreading their things everywhere. Not to mention their scent, tampons, clothes, makeup, and weird reading material. She has to leave, even if itâ€™s me who makes her. Though not at the expense of my sonâ€™s respect and love for me.

I can suffer her presence for a few months. Iâ€™ve dealt with worse. I just wish sheâ€™d wear a goddamn bra once in a while under her little white vests. Iâ€™m a tits man, and hers are completely off limits.

Warning: This book is suitable for listeners 18 and older.
