From mass murderers to hostage-takers to the most sadistic criminals you've not yet heard of, *Horrifying True Crime Stories* will once again explore some of the most disturbing crime cases from around the world. Spouse-killers, child-killers, and mindlessly brutal murderers all have their abhorrent crimes laid out in this book. You'll hear about Blake Leibel, who mercilessly tortured his girlfriend before killing her and draining her of her blood. I'll tell you about the murder of Junko Furuta, which saw the teenage girl held hostage by her peers and tortured beyond belief before she succumbed to her injuries and died. The outcome of that case is as unbelievable as it is unjust. Then there's the murder of Bobbie Jo Stinnett by her "friend" Lisa Montgomery. After murdering a pregnant Stinnett, Montgomery cut the unborn baby out from the womb and went on to pass the baby off as her own. There are eight more horrific true crimes explored in this book, so if true crime intrigues you, read on. But please be warned, the cases in this book are highly disturbing and include graphic and distressing descriptions. Please take this trigger warning seriously as this book depicts horrific crimes that involve sexual abuse, domestic abuse, child abuse, and graphic violence throughout. This book is intended to explore the evil in this world and expose the heinous behavior some people are capable of. Please heed this warning before listening.
