**The bond between human and horse is unrivaled...but in order to unlock it, you need a special key. Listen on to discover how to unearth it!**

Horse ownership provides companionship, stress relief, and increased happiness—but these things only happen when you’re able to form a complete bond with your horse.

When you have that foundational relationship in place, the way you’re able to train and care for your horse completely opens up.

Your increased sense of confidence leads to a mutual respect between you and your horse—and this gives you the control you need in order to have fun together—while ensuring you both remain safe.

In *Horsemanship 101*, you will discover:

- The key principles of horsemanship—uncover how to share a common language with your horse
- How to choose a horse—explore the personality traits of the six most common breeds so you can choose the best match for you
- How to read your horse’s body language with the skill of a top trainer—these are the secrets Buck Brannaman knows inside out
- Why, when you’re looking into your horse’s eyes, you’re looking not just at one horse, but two—and what this means for controlling their behavior
- The surprising psychological benefits of having a good relationship with your horse
- Key training methods explored—have you been working with your horse in a way that’s right for them?
- And much more!

Whether you’re concerned about choosing the right horse or you’re struggling to manage their behavior, understanding how to build a positive relationship with your animal is key.

**If you dream of the infamous connection between horse and rider, discover how you can make it happen: Scroll up and buy now.**

**PLEASE NOTE:** When you purchase this title, the accompanying PDF will be available in your Audible Library along with the audio.
