At least one out of four people prefers to avoid the limelight, tends to listen more than they speak, feels alone in large groups, and requires lots of private time to restore their energy. These people are introverts. Whether they realize it not, they can lead successful and fulfilling lives just like their extroverted counterparts. *How to Be a Successful Introvert* explains how to use their unique personality type to their advantage in different environments. It explains how to make the most out of the workplace, dating, and social interactions.
