*Twelve Kings in Sharakhai* marked the start of a bold, new epic fantasy series for critically acclaimed author Bradley P. Beaulieu. *In the Stars I'll Find You & Other Tales of Futures Fantastic* features Beaulieu's science fiction work, from exploring far-flung worlds to finding what it means to be human through artificial intelligence to the cost of dividing ourselves - or ourself - through the use of technology. In this short story collection, you'll find 11 tales that explore our very human relationship with technology.
