Your friend says he shot an eagle. You thought that was against the law. You need the facts. Fast. With this audio program, you can become an *Instant Genius* on the subject of golf in about an hour. Renowned PGA teaching professionals Ted Sheftic and Michael Spease tell you everything you need to know in order not to make a fool of yourself on the golf course - like what to do when the ball goes out of bounds, into the water, and why not to drive the cart near the green, and never, ever, stand in someone's sight while they hit. From a simple discussion of the rules to a complete walk-through of course etiquette, Sheftic and Spease ensure that you will be a welcome part of any group, anywhere.
