Gunnyâ€™s story...

I'm a loyal member of the Demented Sons MC. My priorities were my club and my family. Add in one sick bastard trying to pick us off, and I sure as hell didnâ€™t need relationship complications.

Enter: one hot waitress.

A chance meeting. One wild night. By morning, I was gone. Maybe I'd used her, but she'd utterly ruined me.

Brothers dropping like flies, adrenaline in my veins, she would've been a dangerous distraction - one I couldn't afford.

At the worst possible moment, I made her a reckless promise. A promise I wouldn't keep - because I'm no saint.

She was already mine. Too bad it literally took a hurricane to make me see it.
