Imagine this: your dream man, just a "Play" button away. Now stop imagining. The male lovers in Blue Moon's *Just the Two of Us: Unforgettable* are well-versed in the art of love...and they want you as a subject. <p>Get ready for mind meditation and allowing your dreams and desires to flow freely, without reservation.</p> <p>The sensuality of just the right touch, matched with the slow, teasing of building passions, will give you hours of ecstasy with the man of your choice in *Just the Two of Us*. Striking the perfect chord to make your body hum and your soul soar, *Just the Two of Us* fans the flames of desire and puts your dream lover at your bedside. Tonight he'll meet you by chance in the midst of a terrifying storm; tomorrow, perhaps you'll have a secret rendezvous with another; the night after, who knows? In *Just the Two of Us*, we are ready to take you to places unbounded and fantasies that will be unforgettable. Allow your imagination to create a fantasy lover, and listen as, one by one, the voices of mystery give you a master class in satisfaction.</p> <p>So...play...rewind...play again. Practice makes perfect right? Your nightlife will never be tame again!</p> <p>Optional props:<br />Nothing but your imagination...and maybe a favourite bedside toy.</p>
