

K'Barthan Series Box Set

author: M T McGuire

2026-07

Synopsis

author	M T McGuire
readBy	Gareth Davies
inLanguage	english

The complete K'Barthan series box set: All four novels in one huge audiobook

All The Pan of Hamgee wants is a quiet life. So why did he have to fall in love with a woman living a different version of reality, upset a murderous tyrant, and then run out of places to hide? Now all he has to do is face his inner demons, rescue everything he holds dear, and save the world, or die trying. Oh yes, and he's an abject coward. Great. No pressure then. Contains a little light swearing. Suggested cinema rating: PG

A word with the author

Q - What made you write the K'Barthan series? Why is it special?

A - You know the saying: that if the book you want doesn't exist you have to write it? That. I love funny British authors, comedic sci fi, epic fantasy, adventure, action, humour - or humor. Misfit characters are great, the weirder the better and an evil baddie, of course. This stuff is a mash up of everything I love: James Bond-style flying cars, car chases, static powered laser guns, portals that move you from one place to another and a hero we can all cheer for. K'Barth is kind of first contact, only not. There are many quirky characters, from 6ft Swamp Things with antennae to cute furry Blurpons with fluffy ears, big button eyes and penchant for extreme violence. It's earth but hey, reality is a bit boring so I pimped it and set it in a parallel reality. Even so, the eternal questions the characters in K'Barth face tend to mirror ours.

Q - What are the other books in K'Barthan Series?

There is a 30 minute short prequel, *Unlucky Dip*, and a series of shorts "K'Barthan Shorts", "Hamgeean Misfit".

To be the first to know when these or other M T McGuire audio books are released, join her mailing list. You will receive "Unlucky Dip" and a 90 minute exclusive story, "Night Swimming", for free. Both are also read by Gareth Davies. You can join via the info page for "Unlucky Dip" on her website here: www.hamgee.co.uk/audioud.html.
