Hot off the heels of his international best seller *Just Ask the Universe* and his critically acclaimed follow up *The Universe-ity*, Michael Samuels returns with a fun and witty practical manual called *Keep Calm and Ask On: A No-Nonsense Guide to Fulfilling Your Dreams*.

With a few easy and entertaining steps, Samuels will inspire you that living the life of your dreams is not all that hard. It's actually easier than you think. He will show you how to further develop your "œl want" list to make your goals become a reality. He will also show how music and laughter are the two keys to unlocking a greater life.

Samuels has studied the teachings of the greats just to pass the word around in a simple and no-frills manner. This is not some drawn-out, monotonous law of attraction audiobook that only teaches you a small piece of the subconscious puzzle. The answers are here and Samuels did the research to give you the total picture with no hype or tricks. If you want something, the universe will deliver! Just remember to keep calm and ask on....
