In this final book of the Colony Ship Conestoga series, the crippled ship flees away from the dying planet Zalia.

However, the greatest threat the survivors have ever faced is pursuing them.

Will the Apex Predators catch them?

The survivors are hoping to escape, but the ship is not working well, machinery is failing, and something strange has kidnapped some of the children.

They plan to reach an anomaly in space, but are unsure what will happen if and when they reach it.

Is the enemy already aboard the *Conestoga*? Will the last flight of the *Conestoga* lead to death for everyone, or is there a glimmer of hope?

This is book eight, and the last of the Colony Ship Conestoga series.
