An Epic Fantasy LitRPG / GameLIT

Steve's days are numbered. The illness has consumed him. Would this stranger's offer give him a second chance? It looks like a game. Looks can be deceiving. Paul Nelson, the CEO of Tempest Inc, has developed another world and he's ready to send in another consciousness. This time, though, things are different. Those that came before have caused some troubles and his world is in peril. For Steve, it's a last chance. He's got nothing to lose. And who knows, it might be fun? As a warrior named Abalonious, his body gone, Steve must adapt, learn, and grow to survive. But this world isn't exactly as advertised. There's a darkness coming. It looks like fun will have to wait. And there's a secret nobody wants to talk about. Will Steve piece together enough to live? If you like unforgettable fantasy heroes, pop culture references, epic battles, and immersive gaming worlds, then you'll love this LitRPG adventure. Get it now. Overpowered main character? Check. Insurmountable odds? Check. More snark than you can shake a stick at? Double check.
