Do you ever feel like something is holding you back? Amazon best-selling author, Sid Walker, presents a formula for bringing any vision into reality by focusing more on your intuitive instincts and less on the conventional wisdom created by the ego. All endeavors are going to fall short of your hopes until you understand your biggest enemy: your ego. Most people have no idea that the ego is actually a massive collection of self-sabotaging programming with a goal of keeping everything basically the same. And the ego is brilliant at what it does. It has been said that the greatest trick the devil ever pulled was convincing the world that he didn't exist. The controlling, self-critical ego has achieved exactly that illusion. Learning how to ignore the ego and then trust your intuitive spirit is the only way out of the ego's endless traps and snares. This book is designed to be a death blow to the ego and a magic wand for instantly having a better life.

Living in the Zone stands out from the crowd of self-help and improvement books. Walker's presentation is real and based on decades of experience in contrast with the more distant analytical tone of too many other reads. This is a hands-on approach to dealing life's challenges combined with Higher Intelligence. If you're serious about getting to a new level in any endeavor, this is a powerful book.
