

Love Me Dangerous

author: Dakota Davies

2026-07

Synopsis

author	Dakota Davies
readBy	Robert Horowitz
inLanguage	english

From a USA Today bestselling author comes a brand new small town suspense romance perfect for fans of western thriller dramas and big-city heat. I came to Finn River to get away from trouble. But it found me—in the form of a forbidden kiss. After a narrow escape from Alaska and months on the run, I take a security gig that doesn't ask any questions about my past. But it didn't take long before trouble came knocking—first, a dangerous rescue, second, sharing my secrets with the one girl I shouldn't trust. I need to stay away from Sofie Whittaker. Not only are we from different worlds, with two very different futures, being with her puts us both at risk. But her bright blue eyes and rare smile haunt my days, her sassy mouth and tight curves consume my nights. The more I try to push her away, the more entwined our lives become, until the morning I find her in my bed, begging me to make her mine. But it all comes crashing down the night my past catches up to me. No way am I letting Sofie go—but in fighting for her, will I break us for good?

Author's note: soulmates brought together by fate, a mountain town fighting change, and an addicting, unsolved mystery.

Love Me Dangerous is Zach and Sofie's story and book 1 in a new series of stand-alone romances featuring a different hero and heroine fighting for their HEA. Be there when these irresistible stories begin! Start listening to this epic love story today!
