Synopsis

author	Penny Blacwrite
readBy	Alexis Stewart
inLanguage	english

He needed love. She needed protection. In the end, they both needed each other.

Marquise "Que" Gates isn't just the typical reformed thug. He's refined in all ways favorably, still with an irresistible swagger and much more. Just when he switched the game and attempted to go legit and take a backseat to his operation, his world gets shaken up with a tragic event that leaves him heartbroken and with unexpected responsibilities he never knew he was ready for.

That isn't until he meets Meleehia "Mel" Rush, who's laced with flaws and insecurities owing to a fragile past. Yet, her authenticity and vulnerability captivate him in a way he hadn't felt since.

Fighting her demons and searching for her autonomy and independence, she finds strength and identity in the arms of Que. As they both struggle with severe PTSD from family trauma and street drama, somehow, it all works out when they're together. Or does it? Do they both allow themselves to overcome pain and open their hearts to love again? And most importantly, will they love each other?

Loving All of Me: A BBW Story is a tale of love, hope, and triumph. Be prepared to laugh, cry and smile as you follow Que and Mel through their mind-blowing love cloud.
