Knox has been paid to do a job - not an unusual thing in his world. A former SAS soldier, now a man with elite skills for hire. But what he didn't foresee was the deep, tangled web of deceit, lies and danger that lay ahead.

It should have been easy - watch over the daughter of a billionaire. Protect her and take out any threat before they killed their target. Simple, but simple in his line of work rarely turned out that way.

Knox will need all his skill and wits in this fast-paced adventure. Not only had other players hit the board, his own personal danger had hit it as well. Danger in the form of a woman...a woman he was in love with.
