From the **USA Today** bestselling author of *Know You by Heart* comes a spirited romance set in the Heart Resort universe—a love story about fate, family, and second chances.

I never thought I'd see her again. What happens in Vegas stays in Vegas, right? But five years later, my casino fling is my new next-door neighbor.

A lot's happened since we got acquainted in that hotel room. I finished out my military career, took a job with my estranged father, moved to the beach—the only thing that hasn't changed is that Beatrice has always been on my mind. I can't let her get away again. Lucky for me, she feels the same way.

Not so lucky, though, is our families' business rivalry and our resorts' competition for the same property.

As much as I want to ride off into the sunset with Beatrice on the back of my bike, we want to make this work. And that means smoothing things out between our families.

If we thought finding each other after our night in Vegas was a long shot, this feud is about to give *impossible* a whole new meaning.
