A leading voice in military SF, best-selling author John Ringo teams with real-life rocket scientist Travis S. Taylor for an explosive entry from their Looking Glass series.

Recovering from their first mission, the crew of the *Vorpal Blade* - humankind's first interstellar craft - is called into emergency action when an alliance gate colony is attacked. Who was the lethal alien enemy? What exactly happened at the colony? And dare the *Vorpal Blade*'s battle-weary misfits engage a potentially superior force?
