Think about the dark realms, the hidden corners, the places where things lurk, things that live only in our imaginations, things that just should not be. Think about priceless jewels with unearthly powers, demons controlled by computers and psychotic madmen who want to rule the world. Think about a man who walks into trouble and says, "Into battle, murder, and sudden death, good Lord, deliver me, right up to the neck." That man is Maxim Gunn, and he must stand strong against the most hellish of operations in Nicholas Boving's *Maxim Gunn: The Demon Plan*.
