Synopsis

author	Dawn Merriman
readBy	Matt Godfrey, Gina Rogers
inLanguage	english

The darker the secret, the harder it is to keep buried

I'm finally accepting that my psychic talents serve a purpose, that I can use them to help people. But two mysteries plague me. What happened to my good friend Lucas' sister after she disappeared then years ago?

And if my father was murdered when I was young, why do I keep seeing him?

When I find the long-buried remains of Lucas' sister, her murdered body only opens more questions. There is an evil lurking in my small town. An evil so close that I can't trust anyone. An evil so well hidden that even my special abilities can't see it.

As more people are murdered, I must keep digging for the truth—the truth that might tear my family apart—the truth we all must face.
