A sexy billionaire romance by Katie Dowe of the BWWM Club series. Features another bonus story.

Mikhail Antonovich is a ruthless Russian-American billionaire with shady links to the mafia underworld. He's trying to cut ties and go straight, but that doesn't make him a nice guy. Far from it - he's left a trail of enemies behind him, and he sees women as property, nothing more.

That is, until he meets Deandre Mason when she delivers pastries to his business. After initial resistance, he falls fiercely in love with her, and the attraction's mutual. Deandre has her reservations, but he promises he's changed. Plus, the passion between them is red-hot, so she find him hard to resist!

Everything's going well, until one of Mikhail's enemies kidnaps Deandre and begins a ruthless blackmail scheme. Will Deandre - and their new found love - survive?
