## Synopsis

---

Send us a text

In this episode, Justin and Ryan discuss Missing 411 cases. Missing 411 is a collection of data based on missing persons cases around the world. The details of these cases are often strange and a lot of these cases remain unsolved. Justin and Ryan share a few of the most interesting accounts, and share their theories along with other possible theories pertaining to these individual cases. Some of these theories are pretty out there folks. Tune in for a super interesting episode y'all!
