WARNING: My stories tell erotic tales of monster and beast sex. They are graphic in both language and content, and not for the squeamish. Not intended for listeners under 18 years of age.

Callie is a former track star and current New York University coed. She's heard of the Garden of Uneathly Delights - and the urban legends about women being kidnapped to service the monsters' ravenous sexual appetites - but she's never seen the garden in person until the night she's wrenched from her bed, drugged, and abandoned in the garden to fight for her life.

Fleeing hell hounds intent on taking their pound of pleasure before their pound of flesh, Callie seeks refuge in the Minotaur's maze. She's heard the Minotaur is a hideous man-beast with the head of an ox, the body of man covered in a dark brown pelt, and the evil temper of the devil himself, but there's no other place to hide.

Imagine Callie's surprise when she learns the Minotaur has a thing for blondes and knows just what it takes to please this fiesty college girl. But will a night of primal satisfaction in the beast's arms be enough? Or will Callie crave more than a one night stand?
