Synopsis

author	Ashley Sands
readBy	Virtual Voice
inLanguage	english

Cole could have any woman he wanted.
He couldn't want me. Could he?

Sofia:
I often find myself questioning why someone like Cole, who seemingly has the world at his fingertips, would choose me. The lingering doubt persists, but I can't dismiss the undeniable chemistry – the shared glances, the infectious smiles, and the subtle flirtation that weaves its way into our interactions. There's a magnetic pull, especially after that mind-numbing kiss that renders my knees weak. The perplexing question remains: could Cole genuinely desire a connection with me? Is there a possibility of us building a future together?

Cole:
Sofia and I share a history that spans the entirety of our lives. She's always been the embodiment of virtue, and I, the quintessential bad boy. Our dynamic has been a comfortable balance, one that suited both of us perfectly. However, everything shifted when I discovered a newfound attraction towards her. Suddenly, I find myself navigating uncharted territory, unsure of how to handle a woman who now holds more significance to me than anyone ever has. The lines between our familiar roles blur, leaving me grappling with the uncertainty of what comes next.

My Stepbrother, My Best Friend is a steamy romance full of plenty of heat, guaranteed HEA and no cliffhangers or cheating.
