

National Trails Guide: America's Hidden Wonders

author: William Robert Buck

2026-08

Synopsis

author	William Robert Buck
readBy	William Robert Buck
inLanguage	english

This is the ultimate guide to America's National Trails System! It's not often we can discover secrets in the modern age - places largely unknown by the public. This guide introduces listeners to the National Trails System, which just celebrated its 50th anniversary. These are not just scenic trails, not just historic routes, but 30 individual gems with something each of us can appreciate. Explore 11 national scenic trails and 19 national historic trails designated by the US Congress over the past 50 years. Discover these special places in this comprehensive guide, with stories from the trail and in-depth information. This audiobook is narrated by the author!
