Katie Winslow made a life-altering decision the night of senior prom. But once she realized what she had become, Katie wanted nothing to do with her new state. Running off to college seemed like a good idea until mating season hit. Now the fever to reproduce is so great she can't think straight.

Brindle Lindholm has his true mate locked in forever. If only Katie would come to her senses and accept that they are meant to be together. Mating season has come, and he knows Katie has to be suffering in heat. Brindle is the only one who can satiate the need, and even though his heart will have to stand the rejection that is sure to follow, he knows he must go to her. When their coupling satisfies more than sexual need, it changes their future, forever.
