Celebrate good crimes!

New Year's Eve has always been a special time for the small town, Holiday Junction, with its annual tradition, the Sparkle Ball, along with the town Merry Maker spreading joy and cheer to all its residents. But this year, the joy is short-lived when local nuisance and troublemaker, Hillary Stevens, is found murdered in holiday townâ€™s mini-village.

As the town's resident nosy journalist, Violet Rhinehammer is determined to uncover the truth behind Hillaryâ€™s murder and bring the killer to justice. But her investigation is complicated by her own secret - she is the town Merry Maker, and must keep her identity hidden from Mae West, her best friend who is visiting for the festive townâ€™s Sparkle Ball.

With suspects at every turn and a town full of secrets, Violet must use her keen investigative skills and determination to uncover the truth before the killer strikes again. Will she be able to solve the mystery and bring the killer to justice, or will her own secret be her downfall?

New Year Nuisance is a gripping tale of mystery and intrigue, perfect for fans of small town crime novels. With well-developed characters and a twisting plot, this book will keep you guessing until the very end.
