

No Longer Safe

author: A. J. Waines

2026-08

Synopsis

author	A. J. Wainwright
readBy	Emma Powell
inLanguage	english

For fans of Paula Hawkins, Ruth Ware, and Lisa Scottoline comes a new thriller from best-selling author of *Girl on a Train*, *Dark Place to Hide*, and *The Evil Beneath*.

She was your best friend. Now she's your deadliest enemy - and there's nowhere to run.

When Alice receives an invitation from Karen, her charismatic University friend, to stay in a remote cottage in Scotland, she can't wait to rekindle their lost friendship. But two more former students arrive - never friends of Alice's - and as the atmosphere chills, Karen isn't the warm-hearted soulmate Alice remembers. Barely is the reunion underway before someone is dead and the fragile gathering is pushed to a breaking point.

As the snow cuts them off from civilization and accusations fly, Alice finds herself a pawn, sinking deeper into a deadly game she can't escape.

No Longer Safe is a chilling psychological thriller that delivers a delicious sting in the tail.
