Bloomsbury presents *Nothing Can Hurt You* by Nicola Maye Goldberg, read by Deborah McBride, Jennifer Woodward, Kate Handford, Lance C Fuller, Laurence Bouvard, Lexie McDougall, Madeleine Rose and Patricia Rodriguez.

'Gripping, sharp and sultry' PANDORA SYKES

'Superbly unsettling' GUARDIAN

~A gothic Olive Kitteridge mixed with Gillian Flynn's VOGUE

On a cold day in 1997, student Sara Morgan was killed in the woods surrounding her liberal arts college in upstate New York. When suspicion falls on the person closest to her – her boyfriend, Blake – the case comes to haunt the friends, family and acquaintances of the couple in strange and unexpected ways. Some look for answers, while others are set on retribution; from the young woman who discovers the body to Sara's half-sister who, years later, seeks out her own form of justice.

A propulsive, taut tale of obsession and voyeurism, *Nothing Can Hurt You* pieces together a chorus of unforgettable voices to explore the far-reaching consequences of one single act of violence.
