Synopsis

author	Christie Capps
readBy	Stevie Zimmerman
inLanguage	english

When you want her only choice to be you.

In this fast-paced novella set in Regency England, Mr. Fitzwilliam Darcy has competition for the hand of the only woman he will ever love. Making a poor first impression, he had no idea how far out of the hole he needed to dig himself until she could view him as anything other than arrogant and unworthy.

Miss Elizabeth Bennet loathed Mr. Darcy. His selfish disdain for the feelings of others, including herself, made him the last man on earth she would ever marry. Of course, she felt the same about his competition.

Based on Jane Austen's classic novel *Pride & Prejudice*, will Darcy and Elizabeth ever obtain the happily ever after they desire? With each other?

Enjoy Darcy's point of view as he tells a tale that might take you by surprise. It sure did the both of them.

One Bride & Two Grooms is appropriate for all listeners.
