Synopsis

author	Mark McNease,	M.A.
readBy	Daniela Acitelli	
inLanguage	english	

Maggie Dahl returns in *Open Secrets*. It's been six months since the media circus surrounding the last murder Maggie solved and a year since her beloved husband, David, died. The dust seems to have finally settled. Then, one morning, a customer walks in and asks Maggie to do her a favor.

Soon, a body is discovered on a rural New Jersey road. A body Maggie is sure belongs to a local author whose next book was rumored to reveal secrets not everyone wanted known. But were they enough to kill for? And who murdered the woman found in the woods? Maggie is determined to find out, even as her life continues its road back to normal, complete with the possibility of new love.

Can she find the answers she seeks in the death of a local celebrity? And will love be part of her life once again when she least expects it?
