When the worst case scenario befalls the Vagabond Circus, Zuma knows she must ensure it doesn't fall to doom. Titus's job is to guarantee the show goes on, while the acrobats seek to avenge and rescue. Jack has no idea that he's about to levitate himself into a deadly situation, and only Zuma and Finley can save him from a threat unlike what most have ever encountered. In this second whimsical and dark installment of the Vagabond Circus tale, the listener learns just how the ringmaster, Dr. Dave Raydon, rescued everyone in his troupe and also brought love and treasures into their lives. The unveiling of this history only brings more mystery as the true enemy to Vagabond Circus is unveiled. Charles Knight isn't an evil man with a deadly agenda. He's the worst kind of human being and he won't stop until he's ruined everyone and everything that the ringmaster loves. *Paralyzed* is an episodic ride that unravels the pieces of this fantasy circus one act at a time.
