Wealthy heiress Rosalie Ambermere doesn't know why Gideon Reed sits scowling in her sitting room. Or why she finds him so appealing. She'd envisioned her heart falling to a serene gentleman, not to this unpolished, brooding man. And yet she finds Mr. Reed absurdly attractive. Surely her craving for his touch is due to the strange powder she recently inherited from her rakehell cousin. When Gideon offers to help her find a way to dispose of the aphrodisiac, she agrees. Best to be rid of the powder and her attraction to the man as soon as possible.

Hired as a keeper, former detective Gideon must follow his oversexed client Walter everywhere, including into lovely ladies' homes. Reed suspects Miss Ambermere is just another eager chapter in Walter's endless diary of bedroom conquests. Another hedonistic woman spoiled by inherited wealth, until he learns there's another draw for Walter - the powder that could create disaster in the idiot's hands. He soon understands there is more to the alluring Miss Ambermere than meets the eye; perhaps enough to tempt even his disillusioned heart. Gideon must work with Rosalie to safely dispose of the powder without falling prey to the dangerous effects of pure chemistry.

Note: This book contains explicit sexual content, graphic language, and situations that some listeners may find objectionable: Brief scenes of male/male sex and an orgy. It is hotter than most titles by Kate Rothwell!
