Synopsis

author	Eliza Andrews
readBy	Elizabeth Saydah
inLanguage	english

For fans of epic fantasy with a slow-burn sapphic twist. **Rebellious Princess** Natasia has always known her role: marry a man her father can shape into his heir. But when an assassin nearly takes Tasia's life, everything changes. Someone powerful wants to destabilize the Empire, but who? With no noble family above suspicion, the Emperor takes the extraordinary step of naming his daughter heir. The carefree princess must learn to rule an empire, while enemies circle on every side. Enter Joslyn, an accomplished swordswoman, assigned to protect Tasia and teach her self-defense. Everywhere Tasia goes, Joslyn follows -- and Tasia resents her presence. But war looms, accusations of treason fly, and angry lords threaten rebellion. One truth becomes clear: Joslyn might be the only one Tasia can trust. With the Empire on the brink of chaos, can Tasia rise to the occasion -- or will she watch it fall?
